P2C ATHLETE PREP

Serving student athletes of both El Paso and the surrounding area and San Antonio, Texas; P2C Athlete Prep's focus is on making an impact. Through athletics and education, our mission is to inspire and empower the at-risk youth in these areas to go out and create change in their communities. This is done by overcoming the barriers to education and sports for these student athletes and allowing them access to programs that will allow them to do just that. Through academic prep, athletic prep, college prep, and health and wellness; P2C Athlete Prep looks to bridge the gap that these at-risk student athletes face and make obtaining a college education a viable option that can then be used to make an impact in the communities that we serve.

How we plan to help

To make a difference in our initial target areas of El Paso, TX and San Antonio, TX; P2C Athlete Prep will focus on 3 priorities: Direct Services, Academic & Athletic Prep, and System Change.

Direct Services

We have focused our direct services on mentorship programs. We will be offering our Rising Stars Mentorship Program for 7th through 9th graders. For 10th through 12th graders, we will be offering our College Bound Athlete Mentorship Program.

Academic & Athletic Prep

We have focused our Academic & Athletic Prep PSAT / SAT / ACT Prep Program, Academic Tutoring Program, Health and Wellness Program and Camps / Clinics / Showcases. These programs will be available to all of our student athletes from 7th through 12th grades. An very vital piece to every student athlete being seen and ultimately recruited by college coaches is marketing and promotion. For our student athletes in the College Bound Athlete Mentorship Program, we will be providing our College Athletic Resources Program. This will allow these student athletes to receive online marketing and promotion. Helping to level the playing field for these at-risk youth.

System Change

The biggest barrier to bettering oneself and community is education. Through our College Visits Program we plan to inspire the program participants by taking them on college campuses and allowing them to get first hand impressions about high level education and to get them excited about their potential and the possibilities that await them. Secondly, because many of our program participants will have to rely on athletics in some shape to make the cost of attending college affordable, we will be using video livestreaming technology to increase their exposure to college coaches to enhance their recruiting opportunities.

“There may be people that have more talent than you, but there’s no excuse for anyone to work harder than you do.” - Derek Jeter

SAT / ACT Preparatory Courses

As part of our program, we have partnered with Kaplan Prep to provide SAT and ACT Prep classes for the student athletes in our program. Each participant will partake in a 6-week review course prior to the beginning of either the SAT or the ACT test. In order for us to reach our goal of helping 150 student athletes reach the required testing scores to be eligible for an athletic scholarship, we need your help. To fund these SAT / ACT Preparation courses in Texas, **our goal** is to raise **\$40,000** to support SAT / ACT Prep courses. Can you make a donation today to help level the playing field for a needy, less fortunate, at-risk student athlete. Help make their dream of going to college and changing their community a reality.

WITHOUT THIS HELP,

Helping 150 Student Athletes achieve their goals.

THERE WILL BE NONE OF THIS FOR THESE STUDENT ATHLETES!!!

Important Testing Dates

SAT Testing Dates (US) (2018):

SAT Date:	Registration Deadline	Late Registration Deadline	Online Score Release
10 Mar	9 Feb	28 Feb	23-39 Mar

9 Jun	4 May	5-18 May	19 Jun – 3 Aug
14 Jul	15 Jun	16-22 Jun	24 July – 27 Au

Mentorship Programs

Rising Star's Mentorship Program

Although education is the primary goal of our schools, students face other challenges that will ultimately influence their future. Some students try to figure out how to combine athletics with their studies. Some with fragile self-esteems align themselves with groups that experiment with risky behaviors. Some walk-in isolation because, for whatever reason, they don't "fit in." For our 7th through 9th grade student athletes, we have the Rising Star's Mentorship Program. This program is designed to start preparing these young impressionable student athletes for life as a high school student athlete.

**Helping 300
Student Athletes
achieve their goals.**

College Bound Athlete Mentorship Program

The Mentorship Program connects students with mentors who will always act in their best interest. In addition to being a trusted friend and counselor, our mentors also interact with teachers, parents, coaches, student services and anyone else who can play a part in the support system that will be the foundation for a student's overall success. For our 10th through 11th grade student athletes, we offer the College Bound Athlete Mentorship Program. This is designed to prepare these up and coming student athletes for life as a college student (and hopefully college athlete).

We are seeking help in providing quality mentorship programs for our student athletes. We have 2 goals for these programs. The first is to find quality mentors for the student athletes in our program. If you would like to be a mentor, contact us today. Our second goal is we are looking to assist 300 young boys and girls through our mentorship program. To that end, we have a goal of **\$60,000** to help fund these programs to capacity.

Each student will participate in bi-weekly group mentorship session through our partnership with Pathway 2 College LLC. They will receive vital instruction on academic requirements to participate in college as a student athlete, understanding the recruiting process, and so much more. Can you make a donation today to help level the playing field for a needy, less fortunate, at-risk student athlete. Help make their dream of going to college and changing their community a reality.

\$60,000
goal for the quarter to support Mentorship Sessions in 2nd quarter 2018

Camps / Clinics / Showcases

Participating in a comprehensive sports program will improve an athlete's agility, speed, strength and endurance. Just about every sport offers a sport clinic or camp, including – but not limited to – football, baseball, softball, basketball, field hockey, lacrosse, ice hockey, tennis, track and volleyball. They are designed to be a challenging and motivating environment that supplements a school's athletic program and provides school athletes with a stimulating, memorable experience.

Some student athletes also play on club teams throughout the year. These teams are great ways to meet and compete with athletes on a state or regional scope. Although skill development is included, the emphasis is on competition and developing a team's overall excellence.

We have developed the Sports Evaluation Program to help student athletes decide which program is best for them. We offer a database of excellent opportunities that will help match an athlete with a program that is best suited for his or her specific skills and athletic goals.

Because sports clinics and camps can be very expensive, "P2C Athlete Prep" will guide athletes who have limited financial resources to programs that offer scholarships or sliding scale options.

Individual 1-Day Camps

One of our signature events, designed for 5th through 8th graders; this individual camps are designed to lay the ground work for player growth on the court, fields, and in the pool. Their focus is on fundamentals and individual player development.

Upcoming Events

13 January 2018 – El Paso, TX
10 March 2018 – El Paso, TX

Mini Tournaments

The goal of our mini tournaments is to all teams in the 9U, 11U, and 13U age groups the ability to perform locally to help in their skill development and to compete against other student athletes in their same age. These events are for both boys and girls.

Upcoming Events:

27-28 January 2018 (Boys) – El Paso, TX
3-4 March 2018 (Girls) – El Paso, TX

Skills Development Clinics

One of our signature events, our **Sunday Hoops** sessions focus will be on the following areas:

- Middle school to high school development
- High school to college development
- Player assessment and evaluations

The Sunday Hoops sessions will be for GIRLS only (7th through 12th grade). These bi-weekly sessions will focus on the following:

- Transition basketball: understanding how to go from offense to defense back to offense
- Player evaluations
- Exposure during 5-on-5 playing period

Upcoming Events:

7 January 2018 – El Paso, TX
21 January 2018 – El Paso, TX
11 February 2018 – El Paso, TX
18 February 2018 – El Paso, TX

BlackTopBattles (BTB)

One of our signature events, BlackTopBattles is designed with the entire family in mind. Our focus is to make this an enjoyable family environment but also to bring competition, development, and teamwork to the forefront of this event. This is our way of bringing the community together -- over good music, food, and basketball.

Upcoming Events:

20-22 April 2018 – El Paso, TX (Video livestreamed – National viewing)

If you would like to sponsor one of these events, please give us a call, or go to our website and fill out a sponsorship package today.

Showcase Events

Through a strategic partnership with Sun City Showcases, we are proud to announce that we will be able to have certified events across the country that will allow our student athletes the opportunity to gain much need exposure in front of college coaches.

Through Sun City Showcases' Junior Top 150 Showcases (7th and 8th Graders), Top 150 Showcases (9th thru 12th graders), Texas "TOP GUN" Tournament, and many other events that they have on the horizon; our student athletes will be able to gain national exposure greatly increasing their chance of using athletics to minimize their cost of attending college.

Upcoming Events:

- 9-10 March 2018 Girls Volleyball Showcase – El Paso, TX (Video livestream – National viewing)
- 16-17 March 2018 Girls' Top 150 Showcase – San Antonio, TX (Video livestream – National viewing)
- 16-17 March 2018 Boys' Top 150 Showcase – San Antonio, TX (Video livestream – National viewing)
- 20-22 May 2018 "TOP GUN" Tournament – San Antonio, TX (Video livestream – National viewing)

\$60,000
goal for the quarter to support College Exposure opportunities

Our goal is for every student athlete in our program to have the opportunity to participate in activities that will help in them reaching their academic and athletic goals. To that end, we have a goal of **\$60,000** to help fund these efforts.
